

## high risers

"A trick I use to keep a family bathroom presentable is to include a tall cupboard beside the basin so that everyone's 'stuff' is kept in here and not on the bench," says Fiona Austin of Austin Design. "You can also keep medicines high up and out of reach." >

## WELL ADJUSTED

"A shower rail or twin shower with a handpiece adjusts to different heights - perfect for growing families," says bathroom buyer Daniel Gibney of Bunnings.
